PROFILE SUMMERY

I'm **REHMAN AFZAL**, a dedicated Frontend Developer with a Bachelor's degree in Computer Sciences from University of the Punjab, of Pakistan. I specialize in the ReactJs and NextJs stacks, focusing on JavaScript, Typescript, React Native, Redux, NodeJS, and Firebase Services. My professional journey since 2021 developing web and mobile applications, custom software solutions that drive business growth and user engagement.

I am committed to continuous learning and applying new technologies to solve complex problems and enhance application usability.

PROFESSIONAL EXPERIENCE
